## The Last Brick

**Turner**  
Building the Future

### Up to Date

- Area A Courtyard Glazing 100%
- Areas A & C Fireproofing Complete
- Area A 3rd Floor Sprinkler Piping 95%
- All Brick has been laid!

### In the Now

- Area D 2nd Floor Overhead
- Area D 3rd Floor Stainless Steel Ductwork
- Area B Overhead Insulation
- Area C Overhead
- Exterior Stone Wall at the Plaza and Area E Lecture Halls
- Greenhouse Knee Wall

### A Look Ahead

- HVAC Equipment Flown Up to Penthouse
- Air Blowing in Area D very soon.

MTSU and TBR Representative Earl Bogle lays the last brick on the interior wall in the A/B connection.

Above: Insulated duct connections to the Air-Handler in preparation of blowing air. Right: Overhead work in Area D—3rd Floor now including cable trays.

“The most prepared are the most dedicated.”

### The Breakdown

Man-hours 259,680

Bricks 125,000

Decking 250,000 sf

Steel 1,750 tons
